VILLAGE OF ROUND LAKE  
**AGENDA ITEM SUMMARY**

**TITLE: LONG LAKE DRIVE STREET LIGHT REPLACEMENT**

**Agenda Item No. COTW**

*Executive Summary*

Currently there are three (3) Village owned street lights on Long Lake Drive. One west of Nasa Circle, one at the intersection with Nasa Circle and one to the east of North Lotus Drive. The light pole just west of Nasa Cir is leaning at approximately a twenty degree angle towards Long Lake Drive due to what appears to be a shifting foundation. The light pole at Nasa Cir was knocked down by a car; it was removed and never replaced. The remaining foundation is damaged and would require new anchor bolts. The street light to the east of N. Lotus Drive currently does not work because there is a fault in the buried power cable somewhere between the other two light poles that needs to be spliced.

The leaning pole and unlit intersections pose a safety hazard to motorists and pedestrians traveling through the area. Staff proposes the Village remove the two remaining light poles and all three foundations and replace them with two new aluminum poles with LED luminaires. The street light west of Nasa Cir could be eliminated as it is servicing no apparent intersection or walkway. New wire in conduit should also be installed to replace the current faulted cable. Staff recommends this work be sent to contractors as a request for proposal.

*Recommended Action*

Discuss the recommendation to replace street lights for further Village Board action.

### General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

#### Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.
