7. ADMINISTRATOR

7.1 Adopt a Resolution Approving a Lease of 57 Acres Owned by the Village

The Mayor stated he is pulling item 7.1 from the agenda and will be brought back at a later date when Mr. Powell, the land developer, petitions to do so. Under discussion, the Mayor took a moment to address the Board not only on the Managements Overall Vision Evaluation, MOVE memo, and the importance of the future needs of the Village and our financial forecast. He also spoke about the importance to be business friendly and also his association with Mr. Powell and how they met through a mutual close friend on a personal private business deal. Through conversations with Mr. Powell it was asked if the Village had any large parcels of land that he could apply the same principles of excavating the land which possibly could generate \$50to \$100 thousand per year. The Mayor stated he introduced Mr. Powell to our Village Administrator, Steve Shields. Mr. Powell presented his proposal at the COTW meeting which was met with great enthusiasm given the possible revenue to the Village. At the next meeting the proposal was tabled due to some board members wanting to do more research, question the contract that our own legal team revised and physically see one or more of Mr. Powell's sites - which the Mayor stated if there had been a concern, it should have happened in the first two weeks, not a month later. The Mayor went on to say that during the excursion to see one of Mr. Powell's site, a few of the Trustees saw the plans from his personal private business deal in Mr. Powell's truck and accused him of being in cahoots with Mr. Powell and that the board should have been made aware of his personal dealings, which the Mayor stated he referred to Mr. Powell and his business arrangement and is clearly recorded on the COTW meetings audio. He went on to say that this Trustee informed him that it is a conflict of interest and that he, the Mayor, might be on the take, however after detailed discussion with our legal team, the Mayor stated that there is no way that this topic could be considered a conflict of interest. Matters like this have come up in the past where some members of the Board justify their actions by saying these things have happened in previous administration. If those things really happened then

dwelling on the past will create a paranoid environment he said. The Mayor stated that his conversations with Dan Powell and the deal that pursued is a page out of the MOVE document. It was an opportunity for the Village to possibly generate \$50 to \$100 thousand per year and he seized it. Due to the paranoia of some board members and the past, he stated we must remove this opportunity from the agenda since it has been brought into public for controversy and the Mayor will not put himself, his family or this community into that controversy. Once Mr. Powell's land contract with the Mayor is complete, he hopes he petitions the board to reconsider a contract. Lastly the Mayor stated, if we continue to worry about the past and not trust our present administration, there will be no future for the Village of Round Lake
